**As rescanning documents *will not* correct images,
please do not report the images to the
Image Problem Mailbox.**

This exploded perspective view illustrates the assembly of the device. The components are shown in a disassembled state to show their relative positions and how they fit together. The components include:

- 50**: A rectangular plate or cover.
- 1**: The main body of the device, which is a long, thin rectangular plate.
- 11**: A central longitudinal channel or groove on the top surface of the main body.
- 12**: A rectangular component that fits into the left end of the main body.
- 18**: A rectangular component that fits into the central channel of the main body.
- 19**: A rectangular component that fits into the right end of the main body.
- 191**: A small rectangular component that fits into the right end of the main body, adjacent to component 19.
- 181**: A small rectangular component that fits into the right end of the main body, adjacent to component 191.
- 15**: A rectangular component that fits into the left end of the main body, adjacent to component 12.
- 13**: A rectangular component that fits into the left end of the main body, adjacent to component 15.
- 16**: A rectangular component that fits into the left end of the main body, adjacent to component 13.
- 17**: A rectangular component that fits into the left end of the main body, adjacent to component 16.
- 25**: A rectangular component with a notched or serrated edge, which fits into the left end of the main body.
- 26**: A rectangular component that fits into the central channel of the main body, adjacent to component 18.
- 27**: A rectangular component that fits into the central channel of the main body, adjacent to component 26.
- 22**: A rectangular component that fits into the right end of the main body, adjacent to component 19.
